Conference Update!

This year has been challenging, to say the least (and it's only June!). Yet, Missouri's financial aid professionals have the courage and tenacity to push through to provide the best service and support for our students and families, even with the fun that is Free Application for Federal Student Aid (FAFSA) Simplification.

This year's conference is shaping up to be amazing (and I am happy to throw in some sports metaphors to get you ready for action)!

We stand together on the podium of triumph, our journey in the realm of financial aid has been filled with challenges, hurdles, and moments that tested our resilience. But through it all, we continue to embrace the spirit of teamwork, pushing forward with determination, grit, and a shared commitment to our mission. In our arena, the scoreboard doesn't just tally points; it measures dreams realized, futures secured, and barriers broken. Every scholarship awarded, every financial aid package optimized, and every student empowered is a victory—a testament to our collective effort and dedication!

We have some trophy sessions for you at this year's conference including **2 credentials, 6 interest session blocks, 2 general sessions, and much more!** I look forward to seeing everyone at this year's conference at the Lodge of the Four Seasons. We are truly "Winning at Financial Aid"!
